Certificate II in Building and Construction (Pre-apprenticeship)

About the Course

This course is designed for people wanting to enter the building and construction industry to become apprentice carpenters. It will provide the knowledge and practical skills associated with working in the building and construction industry and equip students with the ability to work safely in the industry.

Course Entry Requirements

To apply for the course, students must be enrolled in Years 10, 11 or 12 at secondary education. Students will be required to complete a language, literacy and numeracy test prior to entry of the course.

Duration and Schedule

Duration

St Joseph's College delivers partial completion of the Certificate II in Building and Construction over two years. On completion of their studies, students will be eligible to receive a Statement of Attainment for units achieved, providing they meet all the criteria.

Schedule and Location

Year 1: St Joseph's College, 5 Brenock Park Drive, Ferntree Gully

Certificate II in Building and Construction (Pre-apprenticeship)

Training and Assessment

Assessment includes a combination of written tests, projects and practical demonstration of skills. Students' competency against the unit of competency specifications is assessed during each unit undertaken throughout the course. Students are provided with opportunities for re-assessment if they fail to demonstrate competency during assessment tasks.

Course Requirements

At Orientation, students will be advised of specialist clothing including footwear they will need for the course. A Hi-Viz polo and jumper will be provided to Year 1 students at an additional cost of \$90.

Credit Transfer and Recognition of Prior Learning

St Joseph's College recognises qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). Students who have successfully completed whole units of competency with another RTO can apply for Credit Transfer.

Both processes allow the candidate to reduce the time, study load and cost associated with achieving a qualification.

Students may apply for Credit Transfer by submitting a Credit Transfer application form along with original certificates or Statements of Attainment to the Director of RTO. The CT/RPL application form is available on request.

Please note: RPL and CT applications can only be considered for whole units of competency. The Director of RTO at St Joseph's College, not your teacher/trainer, will assess all requests for RPL.
